Town Tours & Village Walks

**LIVE AT FIVE ON THURSDAY EVENINGS
WITH LIMITED WALKING TOURS**

Chester County Virtual and Walking Tours Summer Series 2021

Journeying Toward Freedom

Join us this summer to explore Chester County's heritage on Thursday evenings during the annual Town Tours and Village Walks program. Chester County's founding in the Quaker principles of tolerance and necessary civil disobedience, coupled with the boundary dispute with Maryland and the drawing of the fateful Mason and Dixon Line, established our community as a leader in this country's struggle to end the horrors of slavery and truly recognize that all people are created equal. This summer, you are invited to visit the historic sites in our county where this national struggle has a local voice. This summer, we will be offering "Live at Five" virtual programs with limited walking tours, self-guided tours, and suggested walking and driving tours.
