

**CHESTER COUNTY HISTORIC PRESERVATION  
NETWORK VIRTUAL HERITAGE SERIES**

**PRESERVATION 101:  
HISTORIC BUT NOT SIGNIFICANT**

**THURSDAY, APRIL 15, 2021 AT 5 PM**

**Join us for a fascinating free webinar with  
Architectural Historian Jane Dorchester who will  
highlight historic housing constructed from  
1940 to 1970.**

*The purpose of the presentation is to help those of you who will be or are conducting historic resource inventories identify the various forms of 1940-1970 tract housing stock. This is in response to the requirement that all resources that are 50 years or older have to be included in historic resource inventories.*

**For information and registration, please use this link:
